

§ 251.11

46 CFR Ch. II (10–1–97 Edition)

2. TABLE 2—COST OF ADDITIONAL SPARE PARTS  
ELIGIBLE FOR CDS—Continued

[Footnotes at end of table]

Cost class	Type of equipment covered <sup>2</sup>	Cost of spare parts <sup>1</sup>
40 .....	Engineers workshop .....	1.0

<sup>1</sup> Expressed as percentage of base cost of the equipment in each cost class.

<sup>2</sup> Cost of spare anchor, propeller, or tailshaft is not included in this allowance and is handled as a separate Maritime Subsidy Board action.

3. This regulation shall be implemented in accordance with the following procedures and guidelines:

(a) The allowance is to be calculated by the Maritime Administration and will be included in the contract price for all new contracts for which CDS is awarded after this regulation becomes effective. For ships under contract on the effective date of this regulation, the regulation shall form the basis for permitting a change under contract for additional spare parts to be subsidized, provided that a request for CDS participation is submitted to the Maritime Administration prior to delivery of the applicable ship.

(b) The allowance is to be fixed and will not be escalated under the escalation provisions (if any), of the contract. For changes to existing contracts, the allowance will be computed based on the original contract price.

(c) An audit, as deemed appropriate by the Maritime Administration, will be made at the end of the contract to determine total spare parts expenditures and a change under contract will be issued if actual expenditures are less than the allowance. The audit will be based on Maritime Administration review of a priced list, by shipyard purchase orders, of spare parts furnished pursuant to this § 251.11.

(d) Shipping and shipyard handling costs are to be included in the allowance.

(e) If the cost of material in a cost class is increased or decreased by reason of a change under contract, the total spare parts allowance will not be increased or decreased unless included as part of the change under contract.

(f) The actual expenditure of funds for spare parts by the Owner need not correspond to the percentages shown in the table which are used to determine the total amount eligible for CDS.

(g) An owner may exceed the limit set by this regulation, provided such excess is for his sole account.
